Hi Christine,

We were envisioning this meeting as a listening session and are hoping to use the time primarily to hear from members of the community about their concerns.

Thanks,
Ruby Goldberg

Hi Ruby,

We appreciate you providing translation services and this agenda looks good. Within the discussion, will there be time for EPA to respond to any questions community members or others have? Yes, I will share the updated invite.

Best,
Christine

Good afternoon,

We look forward to talking with you at 4:00pm ET today. We will have Spanish translation services available for attendees who would like translation. We have just updated the calendar invitation to reflect a new link to join the meeting (via Zoom) which will allow for a more seamless simultaneous translation option. I have also attached a proposed meeting agenda for the discussion.

Here is the link to join the Zoom meeting at 4pm ET:

Ex. 6 Personal Privacy (PP)

Would you all be able to share the Zoom link with other attendees who will be joining?

Thank you, and please let me know if you have any questions!

Respectfully,
Ruby Goldberg

Hi Ruby,

Dr. Ranajit Sahu will be participating in the meeting tomorrow - I don't believe his name was included in our list. His email is Ex. 6 Personal Privacy (PP)

Thank you,
Christine

Hi. I enclose the letter that I sent to the EPA, at their request, from the people who would participate in the meeting.

Dear Dr. Waterhouse,

On behalf of 11 Puerto Rican organizations, please find attached a letter highlighting new and glaring concerns about AES-PR and the urgency for EPA to take swift action to protect communities who have been contaminated for nearly two decades. These impacted groups also request a meeting to discuss these issues, and the enforcement needed from EPA before AES-PR escapes liability for cleaning up its enormous mess on the island due to its coal ash waste.

Sincerely,

Nathan Park
